PETS IN NEED

Barney

Bingley

Rosie

Nova

By Lindsey Masterson for UFFDA

We have some cute 7-8 week old kittens available for adoption right now. Nova and Stellar are the females and Astro is the male. They are very sweet affectionate kitties that have had their first round of vaccinations and deworming. Rosie is a 6 year old spayed house cat that is looking for her forever home. She is very friendly and great with other animals. She is UTD on vaccinations and is FIV/FeLv negative and fully house trained. Barney and Bingley are some how still with us. These 6 year old Havenese neutered boys are so darn friendly and just adore peoples attention. They are great with other animals and kids. Both are vaccinated. Roo the momma of our puppies last winter is searching for a loving home. She is a Belgian Tervuren/Collie mix. She is spayed and very friendly. She is great off leash and never ventures to far. Bailey is our 8 year old Husky/Shepherd/Great Dane cross. She has been in the res-

cue for 2.5 years now. We are very surprised no one wants to love on her. She is a very sweet natured girl that enjoys cuddles. She just isn't good with small dogs but is doing much better with that!

AmeriCorps -

(Continued from Page 1)

In a statement, SBPC's executive director Briselda Hernandez said the organization was "deeply troubled by the abrupt notice" of the funding

The SBPC lost grants for over \$263,000 to cover 33 AmeriCorps participant slots.

Hernandez stated that SBPC supported nonprofit and community capacity-building efforts statewide by deploying AmeriCorps participants. Briselda got her start after college as an AmeriCorps VISTA participant

"That year of service deepened my commitment to public service, inspiring me to pursue a master's in public administration and dedicate my career to economic and community development in North Dakota," Briselda said.

The future of other AmeriCorps programs is also uncertain.

A reported 75% of AmeriCorps Agency staff were placed on leave in the late April efficiency orders, leading some to believe deeper cuts are

"We typically know about next year in March or April, and we haven't heard anything," Whipple said about the continuation of other programs past this year.

The North Dakota News Cooperative is a non-profit news organization providing reliable and independent reporting on issues and events that impact the lives of North Dakotans. The organization increases the public's access to quality journalism and advances news literacy across the state. Walters receives scholarship

Congratulations to Camilynne Walters, North Star High School senior selected to receive a \$2,500 Foundation for Rural Serv-(FRS) Scholarship (\$2,000 FRS, \$500 NDTC). The FRS Scholarship program seeks to encourage students to return to their rural communities upon completing their education.

As a supporter of FRS, NDTC is pleased to offer this seniors whose par-

subscribers of NDTC telecommunication services.

Camilynne, a senior at North Star High School, is the daughter of Scott Walters and Sherry Walters.

Make a Difference in YOUR where Hometown! NDCF.net NORTH DAKOTA OMMUNITY

TCHS will host summer events

Attention City of Cando Residents

Employees from Moore Engineering Inc. will be in town on Thursday, May 29th between 4:00 p.m. to 9:00 p.m., to assist in the water service line inventory. You will see them throughout town going door to door. They are tasked with performing visual inspections of water service lines as they enter homes, businesses, and other structures throughout

If you prefer to complete this documentation yourself, you are still able to complete the online survey at www.ndwaterpipes.com. Successful completion of the online survey will eliminate the need for someone to enter the building for documentation purposes. It will take approximately 5 minutes and walk you through how to find your property's water service pipe. You will need a coin, magnet, and smartphone. Please follow the directions in the survey for specifics.

This inventory is part of a nationwide initiative and the North Dakota Department of Environmental Quality requests that residents and property owners in the City of Cando submit information on their water service pipe material. This initiative will allow the City of Cando and other water systems to document the presence of lead

We appreciate your cooperation!

The Record Herald isn't moving!

The building has new owners, but the **Towner County Record Herald is staying** put! Stop in to see the new layout and check out what else we have to offer!
