HOROSCOPE | EUGENIA LAST

ARIES (March 21-April 19): Select what you want to achieve and pour your energy and vision into turning your thoughts into reality. Reach out to those you know who can contribute to your success and help you move forward.

TAURUS (April 20-May 20): Refuse to let your emotions get you in trouble. Hold on to your thoughts until you are sure that what you have to say is accurate. Concentrate on making positive personal adjustments rather than trying to change those around you.

GEMINI (May 21-June 20): It's up to you to implement change if you aren't happy with your current situation. Learn a new skill or update your profile to stay current with the latest trends in the job market.

CANCER (June 21-July 22): Refresh your memory and rethink your spending habits. Address debt, and it will ease stress and help you manage your long-term plans to ensure you meet your goals.

LEO (July 23-Aug. 22): Pay attention to detail and avoid criticism. Keeping things simple, accurate and within budget will put your mind at ease and encourage others to appreciate your skills. Make simple changes if they will improve your position or help you gain interest in what you have to offer.

VIRGO (Aug. 23-Sept. 22): Be cautious when dealing with institutions, government agencies and those in positions of power. Listen attentively and align yourself with those who share common concerns and interests.

LIBRA (Sept. 23-Oct. 22): It's OK to dream, but when it comes time to put your plan into action, intelligence and realism

will determine the results. Set aside your emotions and let hard work and discipline guide your actions.

SCORPIO (Oct. 23-Nov. 21): Relax; don't let what others do annoy you. Concentrate on expanding your mind, quality of life and skills to meet your needs and the market's demands. Emotional spending is apparent. Don't spend trying to impress someone or win favors.

SAGITTARIUS (Nov. 22-Dec. 21): Possessions, investments, property and making your money grow will offer comfort, convenience and peace of mind. Consider upgrading your skills to ensure you continue to meet demands and can climb the professional ladder.

CAPRICORN (Dec. 22-Jan. 19): Direct your energy into something you enjoy doing that is also healthy and makes you feel good about yourself. Physical fitness, raising awareness or attending a reunion or networking function that offers insight into new possibilities will encourage change.

AQUARIUS (Jan. 20-Feb. 18): A change of location, surroundings or who you hang out with will be uplifting and make you aware of what's important to you and how to go about incorporating what makes you happy into your everyday routine.

PISCES (Feb. 19-March 20): Pay attention to where each dollar goes. Don't leave possessions out in the open. Trust your instincts and keep your eyes wide open when out and about. Someone will try to take advantage of you if given the chance.
