Wilton-Wing Co-Op Committee Meeting

In attendance: Board Members Jessica Oswald and Kerri Benning, Superintendent Andrew Jordan, Athletic Director Trevor Yetterboe, Fiscal Agent Jenna Kirchmeier, Wing School Board Members Kristina Fischer and Allison Goehring, Superintendent Cassidy Lyndgaas, Business Manager Rebecca Bernhardt.

Superintendent Jordan explained the current Wilton-Wing Athletic Co-op funding model and presented a proposed formula moving forward. Based on 2025–2026 participation numbers, Wilton's participation was 87.84%, while Wing's participation was 12.16%.

Superintendent Cassidy Lyndgaas expressed concerns about changing the current funding split, stating that a different formula may not be a good solution. With Wing's participation declining, Wing was not comfortable with any of the proposed funding options.

The Committee also discussed additions to the Wilton-Wing agreement. Under the proposed agreement, employees would receive family passes from both the Wing and Wilton schools. Wing would contribute $30 per student participating in sports, as Wilton students currently pay a student fee for each sport in which they participate.

A proposed funding split discussed was 15% for Wing, or approximately $39,000, and 85% for Wilton, or approximately $221,000. Wilton currently holds collected sports fees in the Wilton Co-Curricular account. Since both schools would now contribute toward student sports fees, the fees Wilton has already collected would be transferred and deducted from Wilton's $221,000 portion.

Athletic Director Yetterboe voiced concerns about the availability of teachers to coach sports. As fewer teachers are available or willing to coach, the schools may need to rely on parents or other community members to fill coaching positions. This can also create additional responsibilities for the Athletic Director, particularly regarding transportation coordination and ensuring that student-athletes have transportation arrangements to return home safely.

Meeting is adjourned at 7:35pm
